CHECKLIST

Safe Gangway Crossing Checklist

- [ ] Check the gangway angle and surface before you step onto it
- [ ] Grip the handrail on one or both sides throughout the crossing
- [ ] Step carefully where the gangway meets the deck or shore
- [ ] Ask crew for assistance before crossing if you feel unsteady
- [ ] Wear shoes with good grip, especially in wet or cold weather
- [ ] Tell the cruise line about mobility concerns when you book
- [ ] Move at your own pace and ignore any perceived queue behind you
