CHECKLIST

Getting ready for a lock on your river cruise

- [ ] Head to the deck before the ship enters a narrow lock
- [ ] Follow crew guidance about staying clear of railings
- [ ] Listen for any commentary on the lock's history or engineering
- [ ] Expect a change in engine sound as the captain manoeuvres
- [ ] Allow extra time in the schedule on routes with several locks close together
- [ ] Keep cameras ready for the closest approach to the lock walls
