CHECKLIST

Your river cruise cabin checklist

- [ ] Check taps, shower and safe work when you first enter
- [ ] Unpack fully on the first day and stow luggage under the bed
- [ ] Keep daily essentials on the desk or shelf within easy reach
- [ ] Open the window or balcony door when you're in the cabin for fresh air
- [ ] Bring earplugs if you're a light sleeper
- [ ] Request a mid-boat cabin to reduce engine noise and corridor footsteps
- [ ] Report broken fixtures to housekeeping before the boat departs
- [ ] Use soft bags rather than hard cases for easier storage
